

THE FACULTY ASSEMBLY OF  
WEST VIRGINIA UNIVERSITY INSTITUTE OF TECHNOLOGY  
JANUARY 21, 2016

RESOLUTION

The faculty assembly of West Virginia University Institute of Technology endorses the relocation of WVU Tech from Montgomery, WV to the recently acquired WVU Beckley campus.

Whereas, considering the critical nature of the Montgomery campus and the severe financial limitations of the state, moving Tech to the Beckley campus is the only viable solution remaining for Tech to regain its once vibrant and thriving status in order to best serve the needs of students in southern West Virginia.

Whereas, we believe the Beckley move offers the opportunity for Tech to survive, evolve, and grow as it serves the students and communities of West Virginia, and also affords the critical potential to become competitive in the educational marketplace.

Be it resolved, we the faculty at WVU Tech do hereby endorse the relocation.

Approved unanimously in WVU Tech Faculty Assembly Special Session, January 21, 2016
